WORK EXPERIENCE

UC Davis Design Services, Interior Design Intern: Oct. 2017-Present
Assists with campus projects by drafting floorplans and elevations, conducting site surveys, assisting in material selection, creating finish boards, communicating with vendors and company representatives, and maintaining the finish library.

Paragary Restaurant Group, Hospitality Design Intern: May-July 2018
In preparation for the construction of Fort Sutter Hotel in Sacramento, assisted in preparing materials for presentation to the Hilton by compiling furniture and finish presentation sheets and by editing furniture floor plans.

Hibser Yamauchi Architects, Inc., Interior Design Intern: Apr.-Sept. 2017
Contributed to healthcare projects by editing construction documents, creating presentation materials, aiding in material selection, maintaining the material library, and communicating with company representatives.

LEADERSHIP EXPERIENCE

Associated Students of Interior Design, President: Sept. 2017-June 2018
Managed ASID's club activities, organized and presented at general meetings, collaborated with design firms and industry professionals to host firm tours and workshops, and collaborated with the other officers to lead the team towards completion of the club's goals.

Design Careers Club, Exhibits Team Lead: Sept. 2017-June 2018
Worked with other members of the exhibits team to design and create exhibitions for Speed Mentoring and the 4th Annual Design Career Fair. Worked with other team leads to organize and host the 4th Annual Design Career Fair by recruiting companies and advertising the event.

TEACHING EXPERIENCE

Introduction to AutoCAD, Instructor: Jan. 2018-Mar. 2018
Worked with UC Davis Design faculty to create course materials and lesson plans for the class. Instructed 23 undergraduate students in gaining a proficient understanding of architectural drafting and of 2D and 3D functions in AutoCAD 2017/2018 (Mac and Windows).

EXTRA CURRICULAR ACTIVITIES

UC Davis BioDesign Challenge, Participant: Jan.-June 2018
In collaboration with Nancy Ng and Jia Tan, researched, designed, and presented the project *BacterFilter*, a decorative interior air filtration device aimed towards improving indoor air quality from vinyl offgassing and raising awareness of health problems that arise from vinyl production.

Solar Decathlon 2017, UC Davis Team Member: July 2016-Oct. 2017
Collaborated with Design Team members to research materials and design styles, and design/build furniture pieces for the interior. Designed tour handouts and exhibition signage, and assisted in building the competition house (OurH₂Ouse) in Davis and in Denver.

COMMUNITY SERVICE

UC Davis LGBTQIA+ Resource Center, Volunteer: Oct. 2015-Dec. 2016
Greeted and assisted visitors, kept track of visitor statistics, answered questions in person and over the phone, managed the library, and maintained the overall function of the center.
